

Connecting people... ...Connecting places

Feedback Form

Thank you for your interest in the proposed innovative transportation plans which are set to transform Hereford's inner ring road.

This is your chance to have your say and to start playing a key part in shaping Hereford's future, so please do take the time to find out more about the plans, feel free to ask any questions and let us have your comments by completing the feedback form overleaf.

This consultation, which focuses on the plans to improve connectivity and the inner ring road, is just the start of a series of public consultation events on these ESG plans. As ESG's development partners move forward with their designs for the retail, leisure and housing elements, the public will be consulted further by our development partners. These stages of the consultation are likely to include workshops and focus groups, so please do let us know if you would be interested in taking part.
